Indiana Office of Technology (IOT)
Information Technology Policy (ITP) 00-7

Technology Profile: Applications Development

Specific Area: Internet Portal Management

Purpose: To inform all agencies of the requirement to work within the Access Indiana portal architecture on Internet application development.

Policy: The Indiana Office of Technology has established Access Indiana as the state of Indiana's Internet portal. The Access Indiana portal manager provides application development services at no charge to state agencies. Agencies may choose to use another vendor to do application development. Any vendor selected to do Internet application development is required to use and leverage the existing state of Indiana established Internet architecture. Where fees will be used to fund all or part of application development those fees are subject to approval of the committee established by law to set enhanced access fees. A portion of those fees must go to Access Indiana to support ongoing network development. Hosting of the presentation layer will be done by the portal manager.

Scope: All agencies within the Executive Branch of Indiana State Government

Statutory Authority: IC 4-13.1; IC 5-21-1-6; IC 5-14-3

Reference: Intelenet Policies 96-1, 96-2

Effective Date: July 1, 2005 (re-issued)
